must-try Experiences Ψ

Anchoring in an oasis of calm

Start your holiday adventures on a boat in the Aegean sea. In the distance, the harbour of Agios Konstantinos and its orthodox dome gradually disappear below the horizon. The inland sea beneath you is calm as a lake. A Ulysses welcome awaits you on the main pier as you step off under the shadow of the white sails. You are handed a scented towel and an orange cocktail before discovering your room among the pine trees.

Hammock under the pines

When the sun and temperature peak, take a break in the shade below the pine trees and lay down in one of our hammocks. Enjoy a freshly squeezed juice from the Beach Bar and rock gently, solo or in duo, to the sea breeze as you drift off to sleep.

Four piers for family fun

Only accessible by boat, Gregolimano is discovered from the sea. It is also the only Resort to own four piers, of which one is dedicated to children aged 4 and over. Watch them burst of laughter as they glide over the water for the first time. Will they be lucky enough to spot a couple dolphins this afternoon? Swim over to the floating pier and join wakeboarding lessons. Prefer monoskiing? Head to the other side of the white cape.

Gourmet of the Gods

Ascend to a tree-top level on the panoramic terrace of the Olea Gourmet Lounge. Discover blends of olive trees, lavender and petunias in large plant pots. Lean back, relax and gaze at the catamarans. Enjoy the local specialty of souvlaki, an assortment of grilled meat and vegetables on a vertical spit, prepared by our Chef.
